Upper Middle Quartile	13.33%	86.67%
Lower Middle Quartile	5.33%	94.67%
Lower Quartile	5.33%	94.67%

Number of Employees within the organisation	299
--	-----

Due to the recent growth within St Bartholomew's CE Multi Academy Trust, the Trust only met the requirements for Gender Pay Gap reporting in March 2021.

The average mean hourly rate of pay difference shows that females are paid 24.58% less than males. As with most educational organisations the Trust employs more female full pay relevant employees than male (269 female, 30 male).

Roles which are predominantly paid in the lower two quartiles consist of site staff, lunchtime supervisors, teaching assistants, extended school staff and office administration staff. Teachers and the Central Trust team are predominantly paid in the upper two quartiles.

Of the female employees 47% are teachers or Central Trust staff with 24% in the upper quartile and 23% in the upper middle quartile. The remaining 53% relate to lower paid support roles split equally between the lower and lower middle quartiles.

Of the male employees 73% are teachers or Central Trust staff with 40% of these are in the upper quartile and 33% in the upper middle quartile. The remaining 27% relate to lower paid support roles split equally between the lower and lower middle quartiles.

Although the Trust employs a larger percentage of females to males, the lower paid roles tend to be filled predominantly by females which has the effect of reducing the average hourly rate for females. Male employees tend to be in higher paid roles which increases their average hourly rate.

31% (93) of employees are teachers and 42% (125) are teaching assistants. By focusing the gender pay comparison on these two roles gives a mean gender pay gap of 8.2% for teachers (excluding central trust employees) and -4.36% for teaching assistants, showing a greater pay equality in these roles.

At the Trust teachers' pay follows the nationally agreed guidelines whilst support staff job roles are evaluated by an independent third-party body and placed within a designated pay band.
